

Blue Bug Photography

by Sally Smart

Based in the gorgeous hills of Tremeirchion in stunning North Wales, I have worked hard to create an award-winning wedding photography business with a reputation of quality and fun.

I have been capturing couple's weddings for fifteen years now and still love what I do. I have been fortunate to travel the country and have photographed intimate elopements to large two-day event weddings.

I have won multiple awards and am now in a fortunate position where I will only photograph one wedding per week. This means I can put all my time and effort into each couple and have ample time to edit the images following the big day in a very agreeable timescale.

A pair of white lace-up wedding shoes with a pearl and blue flower on the toe. The shoes are positioned in the foreground, with one shoe in sharp focus and the other slightly blurred in the background. The background is a soft, out-of-focus grey.

My most popular package is the full day package which captures your whole day from the morning prep until your first dance.

Each package can be adapted to suit your day and I can add a second photographer to offer a different perspective to your day.

With all packages I offer a “getting to know you” shoot which is a great way for us both to get to know each other and make you much more comfortable on the day.

A wedding couple is captured in a romantic moment, dancing on a dance floor. The bride is wearing a white, strapless, floor-length gown with a lace bodice and a full skirt. The groom is wearing a light blue suit jacket over a white shirt and a light-colored tie. They are surrounded by a thick shower of gold and silver confetti that is falling all around them. The background is dark, with purple and blue stage lighting illuminating the scene. In the lower-left corner, there is a white rectangular box containing contact information for Blue Bug Photos.
